[redacted] age 13, was located at the St. John the Baptist, De La Salle High School, Chillum, Maryland. She was interviewed in the presence of Reverend [redacted] in whose care she was placed while attending school.

b6
b7C

Miss [redacted] advised that she and [redacted] had contacted the American Nazi Party Headquarters at Arlington, Virginia, by telephone sometime in June, 1961, and through telephone conversations with various young men at the headquarters, had arranged for dates with these young men. She advised she had dates with [redacted] and [redacted]. She further advised that at approximately the end of August, 1961, she had been in an automobile at the Wheaton Plaza Shopping Center with [redacted] whom she described as the bodyguard of Commander Rockwell of the American Nazi Party, when [redacted] attempted to have sexual relations with her. According to Miss [redacted] a police car had pulled up alongside the automobile and the presence of the police officer had halted [redacted] attempts to force her to have sexual relations with him. She explained she used the word, force, in that he had physically picked her up and through his superior strength, attempted to force her into a position whereby he could accomplish the sex relation.

b6
b7C

She advised that during the course of her acquaintance with various members of the American Nazi Party, there had been discussions concerning the possible formation of a girls auxiliary to be known as the "Naziettes."

No actual plan of organization had been set out or presented to the girls nor had there been any meetings and initiation or other rituals discussed.

She advised that she had never been transported outside the State of Maryland by any of the aforementioned members of the American Nazi Party and to her knowledge, neither had [redacted] who had also dated members of the American Nazi Party, been transported out of this State for any purpose whatsoever.

A source advised on February 27, 1959, that George Lincoln Rockwell of Arlington, Virginia, had held an organizational meeting of the World Union of Free Enterprise National Socialists (WUFENS) at his residence on February 26, 1959. Six persons were present and they, according to the source, comprised the beginning of an officer corps of the organization. Rockwell told those present that the WUFENS would be an international movement, but that the section of the organization in the United States would be known as the American Party of the WUFENS.

Rockwell, on March 26, 1959, furnished to Special Agents of the Federal Bureau of Investigation, a copy of the program of the WUFENS, stating that he expects to become President of the United States through the organization's platform. The main tenets of the WUFENS, as reflected in the program, call for the migration of Negroes to Africa and the trial and execution of all Jews guilty of communist and Zionist treason.

The source advised on August 9, 1960, that the main activity of the organization has consisted of picketings of the White House with anti-Jewish placards, distribution of anti-Jewish literature and open air talks by Rockwell attacking Jews as traitors to the United States. On July 3, 1960, and July 24, 1960, Rockwell was arrested on charges of disorderly conduct. The charges arose out of talks by him on those dates. On the latter occasion, 16 other members of the American Nazi Party were also charged with disorderly conduct.

tempt made to actually enlist members for such a girls auxiliary.
The idea had been merely discussed, but no action had been taken.

AMERICAN NAZI PARTY

On October 17, 1961, the Prince Georges County Police Department, Seat Pleasant, Maryland, advised Agents of this Bureau that [redacted] had been arrested by that department on a local charge of carnal knowledge and had advised the police that he was willing to discuss the American Nazi Party (ANP) with the Federal Bureau of Investigation.

b6
b7C

[redacted] advised on interview by Bureau Agents, October 17, 1961, that while a member of the United States Marine Corps in 1960, he heard George Lincoln Rockwell speaking in the mall in Washington, D. C. After the talk, he went to Rockwell's headquarters, 928 North Randolph Street, Arlington, Virginia, and obtained literature relative to the American Nazi Party. Upon his bad conduct discharge from the United States Marine Corps in 1960, he made application to join the American Nazi Party. At that time, he was completely fingerprinted, including palm prints, and photographed.

He was told that he would have to undergo a thirty-day trial period, after joining the ANP. During this thirty-day trial period, it was necessary for him to qualify for the Party through showing his courage in physical combat in two street actions. He stated the street actions consisted of picketing at various Negro establishments. At the completion of the thirty-day trial period, he was sworn in and became a card-bearing member of the ANP with the position of personal body guard to Rockwell, the Commander of the ANP.

[] said that the ANP advocates the wiping out of the democratic form of government in America, because it is mob rule and will set up a National Republic Government. The ANP will purge people in following their ideas, by setting up concentration camps and gassing them. He advised that eighty per cent of the Jewish people in the United States would be so destroyed. The ANP also advocates withdrawing citizenship of all Negroes in this country. Further, the Party will deport all liberal and conservative Americans and all Christians who have played into the hands of the Jewish people. Religion will be tolerated if it does not interfere with the government; however, all small fringe groups of the Protestant sects will be broken up and a new religion formed by Rockwell will be given to them. All Jewish synagogues will be turned into gas chambers for the destruction of the Jewish people.

b6
b7C

[] advised that the following groups are front organizations of the American Nazi Party:

b6
b7C

The Fighting American Nationalists
17th and K Streets
Washington, D. C.
Mr. [] - Director

The States Rights Party
Chicago, Illinois
Mr. [] - Director

Indep

The American National Party
New York City and Washington, D. C.
[] and []
Co-Directors

b6
b7C

The British National Party
London, England
[] - Commander

The British National Party of Canada
Commander Unknown

The Reich Party in Denmark
Mr. [] (phonetic) - Director

[] advised that he had access to certain files of the ANP headquarters in Arlington and from these files, he ascertained

that the American Nazi Party in New York City was supported by small political figures in the city; however, he was unable to furnish their names.

[] said that although the Ku Klux Klan is not a part of the ANP, one of the ANP members, [], went to Atlanta, Georgia in September, 1961, to participate in the picketing of the Grady High School in that city. While there, he was furnished money by the Grand Wizard of the Ku Klux Klan in Atlanta for his own personal comfort and use.

b6
b7C

He said that Ministers from the "Church of God" religious sect from Bakersfield, California are card-carrying members of the ANP. Further, he stated numerous Ministers of the "Pentacostal Church, a fringe Protestant sect," are members of the ANP. He was unable to furnish the names of these persons.

He described the Party's hard core as consisting of twenty members, whose quarters are at 928 Randolph Street, Arlington, Virginia. There are approximately six thousand members of the ANP in the United States; however, the vast majority of these members are associate members. He stated associate members are those card-carrying individuals who reside outside of a fifty-mile radius from Arlington, Virginia. All members, regular and associate, contribute ten dollars at the time of their application for membership. These associate members participate in picketing in the various cities where they are.

[] advised that at the present time, the Party is starting a youth movement and that [] is the National Youth Organizer of the ANP. The purpose of the youth movement is to bring the youth of the high schools and colleges together and organize it to spread Nazism in schools and homes. The Fighting American National Party, called FAN, is used as a coverup for the youth movement in Washington, D. C. A youth by the name of [], who lives in Southeast Washington, D. C., and attends the public school system in that city, is the youth leader.

b6
b7C

[] said that there are a group of young girls in Arlington, Virginia, called the Naziettes and they spread Nazism in the public school system in Arlington. He could not furnish the names of these girls. He advised that the ANP, on a national

b6
b7C

0 8

basis, is attempting to organize the youth and that [] the national organizer of the ANP, travels to various cities throughout the country and organizes special divisions, so that divisions can indoctrinate the youth of the cities.

b6
b7C

[] said that the Party does not advocate free love and has rules that its members cannot drink or smoke. He stated, however, that various members of the hard core in Arlington have been contacting young girls and on occasions, have had intimate relations with them. Further, he advised that students from the University of Maryland and from American University in Washington, D. C., come to the headquarters in Arlington and obtain literature and discuss the ANP. He advised that most of these female students are very promiscuous and he stated that as a result of seeing how the ANP treats these young women he has decided to make a clean break. To the ANP, a woman is an inferior creature and is used for the propagation of children, so that they can be indoctrinated into Nazism.

b6
b7C

He advised that he does not know the names of any underground members of the ANP; however, stated that they do have some. These names and the mailing list of the ANP are contained in a locked safe in Commander Rockwell's room at ANP headquarters. Someone is always present in this room, twenty-four hours a day.

He stated that recently, Rockwell has instituted a program of sending literature and corresponding with Officers in the United States Army, hoping to win the Army over to his way of thinking. He believes that he can obtain control of the government in this country by 1972, through popular election; however, by that time, he wants the Army on his side.

An unknown man from the State Department recently called Party headquarters and told Rockwell that he sympathizes greatly with the ANP; however, because of his position with the government, he could not openly say so.

[] advised that to his knowledge, a Military Policeman at Fort Meyer, Virginia, is a member of the ANP. This individual, whose name is [] was formerly assigned to the 82nd Airborne Division, and has only recently been assigned to Fort Meyer, Virginia.

b6
b7C

0 8

He advised that the ANP pickets and gets involved in minor scrapes with the National Association for The Advancement of Colored People and the Committee on Racial Equality, so that it can obtain publicity. Rockwell, according to [redacted] wants all the publicity he can get, good or bad, to keep the Party's name in the press.

b6
b7C

At the present time, an organization called the Young Jewish Friends of the American Nazi Party is being formed by an [redacted] [redacted] a student at an unknown college in Washington, D. C. [redacted] is forming this group at the request of Rockwell.

b6
b7C

[redacted] advised that Rockwell is presently writing a book, called "This Time The World," and that it is being published by Parliament House in New York City. The book will set forth the aims and ideals of the ANP.

A source advised on February 27, 1959 that George Lincoln Rockwell of Arlington, Virginia, had held an organizational meeting of the World Union of Free Enterprise National Socialists (WUFENS) at his residence on February 26, 1959. Six persons were present and they, according to the source, comprised the beginning of an officer corps of the organization. Rockwell told those present that the WUFENS would be an international movement, but that the section of the organization in the United States would be known as the American Party of the WUFENS.

RE: AMERICAN NAZI PARTY

On September 22, 1961 GEORGE LINCOLN ROCKWELL, self designated leader of American Nazi Party (ANP), telephonically contacted the FBI. He said he had in his possession a letter addressed to him postmarked San Juan, Puerto Rico, September 18, 1961. This letter contained a rambling narrative referring to seven fires which occurred in the San Juan, Puerto Rico area and some bombs which were about two inches in length. Mr. ROCKWELL said he did not want to be correspondent with anyone who might be involved with bombing matters and therefore he wanted the FBI to be aware of the information in that letter. He said he did not want to be identified to the writer of the letter as the source who brought this information to the attention of the FBI.

The same day the above letter was obtained. Before Mr. ROCKWELL turned the letter over to the FBI, he spoke of some of the activities of American Nazi Party i. e.:

ROCKWELL said he had become interested in the activities of the Muslim cult. It was his belief that by working with the Muslims, he could convince a large group of Negroes that they should return to their native Africa. When this was accomplished, he would supply them with forms where they could sign up to obtain free transportation to the continent of Africa. When he became president of the United States in 1972, all Negroes who had signed up for free transportation would be put on a boat and sent to Africa.

ROCKWELL said his dealings with the Muslims has been well publicized. Because of the publicity, ROCKWELL now receives only a negligible contribution to ANP from Southern United States. ROCKWELL identified one of his representatives as [redacted] ANP member at New Orleans, Louisiana. ROCKWELL said [redacted] is acting as a liaison man with the Muslim cult.

RE: AMERICAN NAZI PARTY

ROCKWELL claimed American Nazi Party filled the front pages of Chicago newspapers on September 19, 1961. He explained this statement by saying that [redacted] American Nazi Party youth organizer received a letter at American Nazi Party Headquarters which requested 150 "National Socialist Bulletins". The request was honored and subsequently another request from the same source was received at ANP. This request was also honored; however, ROCKWELL did not know the exact number of bulletins sent in this mailing. According to ROCKWELL, the party requesting the bulletins distributed them among students at a junior high school in the Chicago area. The fact that they had been distributed in large numbers at this junior high school was publicized in the paper on above date.

b6
b7C

ROCKWELL exhibited his latest brochure entitled "What's Behind 'Mr. Hate'?" This brochure is advertisement for ROCKWELL's book entitled "This Time the World by GEORGE LINCOLN ROCKWELL". The brochure describes the book as "The communist manifesto, Mein Kampf.....and now..perhaps the most important book of our time...!". An order coupon is on the back of the brochure. The order coupon bears the address Parliament House, 501 5th Avenue, Suite 1015 New York 17, New York. ROCKWELL described Parliament House as a front office for ANP activities in New York City.

Regarding Parliament House, ROCKWELL said he had dispatched [redacted] to that office. It is noted [redacted] is a member of American Nazi Party. ROCKWELL said [redacted] was sent to New York to ferret out traitors to ANP and communist infiltrators.

b6
b7C

He boasted that [redacted] had found at least two communist and two Negroes operating within the party. He said he had found it necessary to dispatch DANIEL BURROS and [redacted] to New York to assist [redacted]

b6
b7C

On September 27, 1961 [redacted] appeared before Arlington County Juvenile and Domestic Relations Court Judge HUGH REID. [redacted] admitted that he was a member of

b6
b7C

RE: AMERICAN NAZI PARTY

American Nazi Party. [] was charged with contributing to the delinquency of a minor, namely [] age 14. Judge REID heard evidence against [] and fined him \$25.00 and court cost.

b6
b7C

The same day, Detective [], Arlington County Police Department said ROCKWELL and other members of ANP pooled their resources and obtained sufficient money to pay [] fine.

b6
b7C

On September 27, 1961 Detective [] supplied the following information regarding her investigation of members of American Nazi Party and their conduct with girls between 14 and 15 years old. Detective [] identified the following girls as possible victims in this case:

b6
b7C

b6
b7C

She said the American Nazi Party members whose names have come to her attention as possible suspects or subjects in her investigation are as follows:

b6
b7C

Detective [] supplied the following information which she said was a cumulative report of the facts thus far developed by her investigation.

"The following is a compiled record of facts known to me as direct statements made by two juveniles, one [] and []. These facts have been brought to my attention as a result of several conferences with these girls and their parents and while in the process of obtaining two written statements by the two girls.

b6
b7C

"Both of the girls admitted to me that there is consumption of alcoholic beverages at picnics held by ROCKWELL's Nazi Party, held at the Mansion (6150 Wilson Boulevard, Arlington County, Virginia). The girls have attended these

RE AMERICAN NAZI PARTY

affairs, however, have not been served or offered any beer or whiskey. Their companions as well as other members of the club present have, however, indulged.

"There are several members of a youth club which, as I understand from the girls, is a group recognized and encouraged by ROCKWELL and his Nazi Party. The members whose names I have thus far are [redacted] who is evidently 17 years of age and Number 1 member of the group; [redacted] also a juvenile; and [redacted] whose last name I do not know. These are all members of the District of Columbia Branch and it is known by both girls that these boys have not only drunk at the picnics but have on occasions brought their own whiskey, as much as three fifths at one time as witnessed by [redacted]. It seems that [redacted] usually ended up intoxicated. This was one of the reasons the girls have nothing to do with these boys.

b6
b7C

"The girls have not been sworn into the youth club although they have desires to do so. It is my understanding that [redacted] would be the person to swear them in.

b6
b7C

'Five girls have organized, or attempted to organize their own little club, its membership consisting of only five; however, there are other girls interested in joining. They have purchased ~~two~~ two-piece suits which have been used as uniforms. They have not been given the swastika arm bands; however, they have been loaned these on occasion, (loaned by American Nazi Party) to wear with their uniforms. [redacted] informed me that about the first week of September as she can recall, both she and [redacted] had their uniforms on and ROCKWELL loaned them arm bands to wear while he took a picture of them. He later told [redacted] that this picture would be published in the paper, that if it was, the girls would probably be sworn in as active members of the youth club. [redacted] is quite concerned about her picture being published in the paper; however, it has not been established what sort of paper this would be published in. We have not checked with his recent literature to see if this has been carried. The girls called their club the Shower Troopers and they call themselves Naziettes. (Detective [redacted] informed that the girls have alleged the name Shower Troopers was given to the group of five girls by ROCKWELL himself.)

b6
b7C

RE: AMERICAN NAZI PARTY

"In each case so far the troopers as well as Commander ROCKWELL have known the girls correct ages. There has been no secret about their connection with the troopers. There has been no attempt to hide any romantic affairs between them. Although there has been nothing definite said as to the time or date of [] and [] moving in- to the mansion, it is known that he [] spoke with ROCKWELL and was offered a room in the mansion for him [] and his wife if and when they got married and when or the other troopers moved from the mansion to 928 North Randolph Street, Arlington, Virginia (ANP Headquarters).

b6
b7C

"As I talked with the girls they both stated that the boys received no salary as such but they were given room and board and were given money in small amounts for necessities and evenings out, etc.

"ROCKWELL has, on occasions, asked the girls of their interest in his troopers but he has not gone into detail.

"On the 20th of August when [] and [] had a sexual intercourse at ROCKWELL's mansion at 6150 Wilson Boulevard, other juveniles were on the premises. They were dating American Nazi Party troopers. ROCKWELL was on the premises at that time. It is not known or believed that any of those present at 6150 Wilson Boulevard knew that [] had participated in a sexual intercourse.

b6
b7C

"Knowing their age, ROCKWELL did give his permission for them to attend, stating that, it must be a voluntary act on their part. There was both beer and whiskey consumed by juveniles that day; however, the two girls claimed they had none nor were they offered any; however, [] cannot recall the events occurring in the house while she was there nor can she remember [] leaving the house at that time, nor could she remember ROCKWELL speaking to her that day, or anything in detail that went on inside the mansion.

b6
b7C

"ROCKWELL accepted a \$42.00 contribution by the Shower Troopers to be used to bail out trooper [] who had been charged with assault by Arlington County, Virginia Police Department about the first of September, 1961.

b6
b7C

RE: AMERICAN NAZI PARTY

"Although ROCKWELL has informed Arlington County Police that he has, or is in the process of making arrangements to obtain property in Fairfax County that is supposed to house some twenty married couples, none of the girls I have spoken to know anything about such a place except that it must be 6150 Wilson Boulevard. ROCKWELL expressed that he hoped to have this for his troopers and their wives to relieve situations that would take their minds and time off their party activities. ROCKWELL did discuss with [redacted] the fact that if and when he got married he could have a room at 6150 Wilson Boulevard. That room was supposed to be vacated by one of the troopers who is moving to ANP Headquarters, 928 North Randolph Street.

b6
b7C

"These girls told their parents on each occasion that they wished to attend church functions or they gave some excuse so that they could attend picnics with ANP members. They have been driven to and from 6150 Wilson Boulevard on these occasions in a vehicle known as "GEORGE LINCOLN ROCKWELL's hate bus".

"ROCKWELL knew that [redacted] was going to lie about [redacted] age when they applied for marriage certificate at Washington, D. C. He warned both [redacted] of getting into trouble. He warned them they were doing wrong. He also told them not to take his warnings incorrectly. He told them he was all for what they were doing.

b6
b7C

"He has made jokes about the kids having large families and having lots of little Nazis to clean up the world situation.

"I (Detective [redacted]) might say here that it is my firm belief that all these statements made by these girls to me thus far have been quite accurate and true as they have admitted their connections freely with these troopers and have nothing to hide or to lie about. After having spoken with them, it is very apparent to me that they worship Commander ROCKWELL and are true followers of his teaching. They did not say anything derogatory about him, however, because they are juveniles, they do not understand the significance of the facts they have related to me about his

b6
b7C

RE: AMERICAN NAZI PARTY

statements.

"When [] had [] birth certificate, ROCKWELL saw this. It was just a few days prior to August 20, 1961.

b6
b7C

[] was fired from his job on September 13, 1961 because he had a fist fight with a Jewish employee. Since then he has been unemployed. When a warrant was secured for [] he was in New York City. ROCKWELL informed him when he returned; however, on our first attempt to serve the warrant, [] did not show up but avoided his apprehension. He contacted, in the meantime, [] and tried to ascertain from her the facts about this warrant and talked to her about her testimony; however, the girl stated to me that she did not care for [] at all and did not intend on committing perjury for him or anyone else.

b6
b7C

[] stated that [] spoke to her on the phone between the time that our officers (Arlington County Police) first contacted her about her truancy from school and the time that her father obtained a warrant for []. He told her that he had been to the library looking up the laws pertaining to various sex offenses in the State of Virginia and what he could be charged with. He told her it could mean a lot of time in prison for him and that if she loved him she would lie for him in court and say that they hadn't had any affair. The only thing she should say is that she loved him and they planned to get married.

b6
b7C

"[] bought and owned his own car and had sufficient money when working to maintain it in running condition. It is unknown at this time where he gets his money to pay for such things as gas, oil, clothing, food, etc. [] car is a 1953 black Plymouth. It seems that none of the cars, buses, property or any other tangible possessions of the American Nazi Party are in ROCKWELL's name for obvious reasons.

b6
b7C

"The girls in the Shower Troopers all state that ROCKWELL encourages the use of uniforms by them as well as

RE: AMERICAN NAZI PARTY

by his own men.

b6
b7C

"Recently on the scene [] has appeared. He has met all these girls and knows their connection with the troopers. [] was recently paroled from jail in Atlanta, Georgia where he had been arrested for disorderly conduct.

"Also a new member in the party is one [].

b6
b7C

"The hate bus is in the name of []
[] who resides in Maryland.

"Recently a trooper named [] married a girl named [] and they have been living in the mansion to help them out until such time as they can afford their own residence. [] is believed to be 16 or 17 years old.

b6
b7C

"It has been established by admission that the two girls I have spoken to thus far have been involved in excessive petting acts with troopers. The acts took place in automobiles parked on grounds of 6150 Wilson Boulevard, and in other places in Arlington County and the District of Columbia. I defined with the help of the girls the meaning of heavy petting. They explained to me that heavy petting was excessive fondling of various parts of the body by the boys with their hands and their mouths."

Above is signed by Officer [], "Number 7". Officer [] said she will continue to inform the Federal Bureau of Investigation of the full extent of her investigation regarding American Nazi Party.

b6
b7C

On September 27, 1961 Captain [], Assistant Chief of Police, Arlington County Police Department said GEORGE LINCOLN ROCKWELL has been served with a warrant charging him with contempt of court. The warrant is signed by Judge REID of the Juvenile and Domestic Relations Court, Arlington County, Virginia. ROCKWELL will appear before Judge REID on September 29, 1961 at 10:00 a. m. Judge REID has charged ROCKWELL with contempt due to ROCKWELL's pattern

b6
b7C

RE: AMERICAN NAZI PARTY

of paying his alimony during the past several months. Judge REID's records indicate that ROCKWELL is supposed to pay \$200.00 per month alimony at the beginning of each month. Clerk of the Court records indicated during the last few months, ROCKWELL has paid portions of the \$200.00 sporadically during the entire month. The total of \$200.00 is not always paid during the month. It is owed.

Captain [] said he has no idea at this time what could possibly be the final outcome of this court proceeding before Judge REID.

stated ROCKWELL became excited and thought it was [redacted] because there is no person in the ANP named [redacted] or [redacted] ROCKWELL. [redacted] immediately departed for the McLachlen Banking Corporation, WDC, to determine if the check was valid. In this regard a confidential source at the McLachlen Banking Corporation advised 11/2/61, that ROCKWELL appeared at his desk on 11/2/61 with a letter and check in the amount of \$10,000. made payable to "Mr. ROCKWELL".

b6
b7C

The source stated to the best of his recollection, the letter was from a Mr. [redacted] with an RFD address, Roanoke, Va. He recalled the writer stated something to the effect that he admired ROCKWELL's work and cautioned under no circumstance did he want his name or his contribution made known. The source stated he was quoting from memory and could not be positive that the writer of the letter was [redacted]. He stated the check was drawn on a Roanoke, Va. bank and while he could not definitely state the name of the bank, he believed it was drawn on the First National Exchange Bank, Roanoke, Va. The source stated ROCKWELL felt someone "might be pulling his leg" and asked the McLachlen Banking Corporation to telephone the Roanoke Bank and verify the legitimacy of the check. The source refused to do this and stated the proper procedure would be to endorse the check as made payable to Mr. ROCKWELL, then endorse it with his full name and deposit it in the account of the ANP at McLachlen Banking Corporation. The check would be sent through channels. ROCKWELL was quite insistent that this not be done, stating that he needed money very badly and if it became known he had this amount of money it would be attached. ROCKWELL then inquired as to what time the banks close in Roanoke and indicated he proposed to leave for Roanoke, Va., by plane 11/2/61 or 11/3/61, to determine if the check was valid.

b6
b7C

In this regard [redacted] stated ROCKWELL mentioned he would be leaving for Roanoke, Va., on Friday or Saturday, 11/3 or 11/4/61.

b6
b7C
b7D

WFO 157-1

[redacted] also stated he and [redacted] have decided to desert ROCKWELL and pursue his talents in the [redacted] was asked how he would tell ROCKWELL of his departure in view of his long association with him. [redacted] commented he would call ROCKWELL on the phone just as he is leaving WDC on [redacted]. He said [redacted] is leaving his family in Arlington and will send for them later.

b6
b7C
b7D

[redacted] stated he has been closely associated with ROCKWELL for two years and has in the past few weeks become greatly disillusioned with ROCKWELL and his tactics. [redacted] stated he would be glad to furnish information to the FBI since he realized the FBI keeps a dossier on the ANP for the Department of Justice. It was explained to [redacted] the FBI has conducted no investigation of the ANP and the jurisdiction of the FBI in matters of internal security was carefully pointed out to him.

b6
b7C
b7D

[redacted] commented when he arrives in New York and becomes settled he will address a letter to SAs ELMER LEE TODD and LAURENCE E. DANBOM to advise them where he can be contacted by an Agent from the New York Office. He stated he would be glad to do this and be of any assistance to the FBI in any way possible.

b6

b7D

For the information of the New York Office, [redacted] has indicated he does not trust many police officers and the only police officers he feels trustworthy are Captain [redacted] (NA) of the Arlington Police Department, Arlington, Va., and SAs TODD and DANBOM, who have contacted ROCKWELL on other matters and interviewed him at ANP headquarters. It is to be noted that although [redacted] has been cooperative he has not lost his beliefs or feelings concerning segregation, anti-Semitism and white supremacy. It is pointed out he is a rabidly anti-Jewish and he has made a study of the various methods of torture. In

Re: American Nazi Party
Racial Matters

On November 7, 1961, Detective [redacted] Bureau of Special Services, New York City Police Department (BSS, NYCPD) advised that he had received information that [redacted] national organizer of the American Nazi Party (ANP), had been summoned back to Arlington, Virginia by George Lincoln Rockwell, leader of the ANP.

b6
b7C

According to Detective [redacted], Rockwell is disturbed because [redacted] and Dan Burros, both members of the ANP, have left ANP Headquarters, Arlington, Virginia, and have journeyed to New York City where they reportedly will contact Luke Dommer, a member of the Nationalist Party, 507 Fifth Avenue, New York City, for the purpose of becoming members of the Nationalist Party.

b6
b7C

Detective [redacted] further advised that Luke Dommer, previously mentioned, reportedly made a telephone call to Rockwell in which he advised that if Rockwell did not "make a deal to combine the Nationalist Party and Fighting American Nationalists (FAN), [redacted] and Burros are going to the Department of Justice in order to spill the beans".

b6
b7C

Detective [redacted] stated that he had no further information at that time except that if the merger of the Nationalist Party and FAN went through, then Luke Dommer expected to "run the show".

b6
b7C

On November 8, 1961, Detective [redacted] advised that Rockwell had contacted him telephonically on November 8, 1961, and stated that [redacted] will stay at ANP Headquarters in Arlington, Virginia, since there will be "shenanigans in New York" for which he, Rockwell, does not want the ANP to receive the blame. Rockwell further advised that, at the present time, there are no members of the ANP in New York. Rockwell furnished no further information.

Characterizations of ANP and FAN are attached hereto.

[redacted] advised that his son had a complete set of plans, consisting of twenty-four sheets for an atomic installation at Idaho Falls, Idaho, and his son had left them in his car, described as a 1958-59 Chevrolet Impala, bearing California license, and this car had been left at the ANP headquarters in Arlington, Virginia.

b6
b7C

On October 26, 1961, a Special Agent of the Federal Bureau of Investigation conducted inquiry in the vicinity of 928 North Randolph Street, Arlington, Virginia, the headquarters of ANP and residence of George Lincoln Rockwell, and this car was not observed.

During a prior investigation conducted in January, 1961, information was received that [redacted] had reported to his neighbors that his son [redacted] had arrived in Richmond, Virginia, on January 1, 1961, driving a 1958 Chevrolet Impala with 1900 California license [redacted]; that his son was employed by the

RE: AMERICAN NAZI PARTY

United States Government and had been doing work for the Atomic Energy Commission; was forced by the Government five years ago to divorce his wife because of the nature of his employment and had blue prints for nuclear reactors. Also [redacted] was reported to have displayed a .45 Colt automatic in its original box, the label reading "U. S. Army Colt 45". Information was also received that [redacted] had a sub-machine gun in his automobile.

b6
b7C

During this prior investigation, Special Agents of the Federal Bureau of Investigation interviewed [redacted] at his father's residence, [redacted], Richmond, Virginia. He advised that he had been employed as an electronics engineer since [redacted] by the [redacted] Los Angeles, California, and left this employment approximately two weeks prior to return home.

b6
b7C

During this interview he produced one pocket size minifon wire recorder, one large Roberts tape recorder, one cheap novelty-type germanium pencil radio with wire and ear plug, one Wittnauer movie camera with four lenses, one commercial .45 calibre Colt automatic, United States Government model, Serial Number 282275, Series C, and one .38 Smith and Wesson two inch barrel revolver, Serial Number 423850. The above two weapons he purchased from Mells Sporting Goods, Crenshaw Boulevard, near Imperial, Inglewood, California, and one minox camera. He denied ever owning a sub-machine gun.

During this interview, [redacted] denied ever representing himself as an U. S. Government employee. He consented to a voluntary search of his automobile and to his belongings at his father's residence, and no Government property identifiable as such was found, and there were no classified documents or plans of any type of nuclear reactors among his papers. No machine gun was located in his car.

b6
b7C

RE AMERICAN NAZI PARTY

Also during this prior investigation, [redacted] was interviewed, and he advised that he was so pleased with his son's return home after an absence of seven years that he had exaggerated his son's work around the neighborhood and proudly displayed his son's equipment at every opportunity and said he recalls telling several people "I wouldn't be a bit surprised that he probably has a machine gun in the trunk of his car."

b6
b7C

On October 27, 1961, [redacted], 1607 Grove Avenue, Richmond, Virginia, advised that he had furnished information to an investigator of the Alcoholic Tobacco Tax Unit that his son, [redacted] had plans for an atomic energy installation at Idaho Falls, Idaho, and his son had left them in his car, which was left at the ANP headquarters in Arlington, Va. He advised that he was aware that the General Motors Acceptance Corporation people are looking for this car for repossession since his son is confined in prison and in arrears in payment on the automobile. He advised that he had no definite information that the plans were in the automobile, but it was just an assumption on his part since his son placed all of his belongings in the car when he left his residence during the early spring of 1961.

b6
b7C

Concerning the plans which he referred to, [redacted] advised that he discovered them while going through his son's briefcase and at the time he did not attach any significance to them, and he observed nothing on the plans indicating that they were classified. He did recall that the plans referred to an atomic energy installation at Idaho Falls, Idaho. He advised that he knew very little concerning his son's activities from 1953 until his return in January of 1961, and his son had related all kinds of stories concerning his experiences. He noted that his son had never "been level with him" as he was raised by his grandparents.

b6
b7C

[redacted] declared that he was positive that his son had considerable data concerning electronics equipment, and he believed him to have been engaged in electronics work.

b6
b7C

RE: AMERICAN NAZI PARTY

He stated that the plans he observed were in the briefcase maintained by his son, and he recalled that when his son was interviewed previously by the FBI, a search was made of his belongings, and the papers were examined at that time. He noted that the Agents apparently saw no significance in the papers, but he is still concerned that they could probably fall into the wrong hands. He could give no explanation why he had not previously expressed concern concerning this matter.

He advised that he did not specifically refer to the plans while visiting with his son on October 22, 1961; however, he had questioned his son about the location of the car, and his son had replied not to worry about it as General Motors Acceptance Corporation knows the car's location. He further stated that his son told him that his things were in storage, but he did not indicate where.

[] stated that he did not believe that his son would do anything against the United States, and that his son did not have classified material illegally.

b6
b7C

On October 26, 1961, after the interview with [], he telephonically contacted the Richmond Office to advise that he had been in a fifteen minute telephonic conversation with George Lincoln Rockwell, and that Rockwell is coming to his home in Richmond and would arrive before the night of October 29, 1961.

b6
b7C

He advised that Rockwell stated he would call before coming to Richmond. [] stated he would advise this Office of any pertinent information received.

RE: AMERICAN NAZI PARTY

On October 31, 1961, [redacted] was interviewed by Special Agent Charles F. Heiner and Special Agent Harry L. McCarthy at the State Farm, Goochland, Virginia, after being advised of his right that he did not have to make a statement; that any statement he did make could be used against him in a court of law, and he was entitled to consult an attorney prior to making any statement, furnished the following:

b6
b7C

He was born [redacted] and attended elementary school in [redacted] California, and [redacted] High School, Richmond, Virginia, from 1945 to 1947. He was in the U. S. Marine Corps from 1948 to [redacted] 1952, Marine Corps Serial No. [redacted] and received an honorable discharge. He completed high school and has taken correspondence courses since in Nuclear Instrumentation and Electronics Engineering from the Capital Radio Institute, Washington, D.C., and Devry Technical Institute, Chicago, Illinois. He was employed from February 1952 until May of 1956 at [redacted] in California; first as an aircraft electrician, and later as an electronics technician. From August 1956 until August 1957, he was employed as Chief Electronics Technician for [redacted] Hawthorne, California, and from March 9, 1958, until January 1, 1961, he was employed as an electronics engineer with [redacted] Los Angeles, California. He terminated this employment voluntarily to return east for medical reasons, having a sinus condition and to see his family. He declared he has never handled classified data in any of his work and was not cleared for such. He stated that while at [redacted] he was not aware of that company having any classified information. He declared further that he has never had any classified material in his possession, and concerning the plans of the Atomic Energy Commission (AEC) at Idaho Falls, Idaho, he stated that he did obtain some work sheets while working for the [redacted] which involved proposals for AEC work; however, he did not know if the installations were ever built.

b6
b7C

RE: AMERICAN NAZI PARTY

He recalled that these plans were dated 1958 and prepared by Parsons or Pearson Company in Los Angeles for an installation in Idaho Falls. He stated that he obtained these prints from an old file drawer maintained by the [redacted], and he used them to improve his industrial drafting. He recalled the plans had the electrical wiring system and used industrial electrical code systems in which he was interested.

b6
b7C

He advised that ~~these~~ prints may have been a part of the specifications; however, no specifications appeared thereon, and he was positive that the [redacted] did not have any work at Idaho Falls, Idaho.

b6
b7C

He declared further that to his knowledge the only drawing or plan of this group which he now has involved the structural drawing of a "standpipe" for the sewerage system. He stated that this paper was among his papers which he maintained in the briefcase which he had exhibited to FBI Agents when interviewed in January of 1961. He stated that he, himself, attached no significance to the drawings, and the Agents observing the papers did not appear to be interested. He commented that he believed his father is unduly alarmed about the significance of this paper, and he stated that in his opinion, there was no need to be concerned about it as it did not involve national defense work or any classified data. He pointed out that his father has continued to mislead individuals concerning his previous employment, and it was through his father's misunderstanding and false statements that resulted in the previous inquiry.

[redacted] advised that most of his belongings are stored with [redacted] in Hawthorne, California, and there may possibly be some of the old drawings he obtained from C. W. Reed Company among his papers stored there. Again he related that he was positive that there was no classified data, and the material was obtained from dead files maintained by the Reed Company.

b6
b7C

During the interview [redacted] volunteered that after coming east, he was unsuccessful in obtaining employment.

b6
b7C

RE: AMERICAN NAZI PARTY

He advised that in April 1961, he went to Washington, D.C., looking for a job, and while there stayed at the YWCA, came in contact with one of George Lincoln Rockwell's men, and was invited to their headquarters to live. He advised that he lived with Rockwell in Arlington, Virginia, from April 1961 until his trouble in July 1961, when he was arrested and sentenced to the State Farm, where he is now serving a twelve months sentence.

He advised that Floyd Fleming purchased the ANP headquarters at 928 North Randolph Street, Arlington, Virginia, and Rockwell is paying approximately \$160 per month to Fleming for the purchase of this building. He advised that Floyd Fleming holds card No. 1 in ANP, and Rockwell holds card No. 2. He advised that Rockwell handles all finances of ANP and is extremely careful for fear of investigation by the Internal Revenue Service. He advised that Rockwell is financing the ANP through donations received mostly from small income bracket people. He advised that contributions range from a few dollars to as high as \$120, and Rockwell keeps a daily record of these donations. He noted that this is a very small percentage of the finances received; however, most of the financing comes from Homestead Contracting and Home Repair Company. He estimated that during the summer months, this company was bringing from \$1,000 to \$1,2000 a month to the ANP.

During May 1961, during the "Hate Bus Expedition" to New Orleans, Rockwell received two telegraphic money orders; one in the amount of \$800 and the other approximately \$500 to \$600. He did not know who was responsible for sending this money. He declared that ANP had two members in New Orleans at that time; one of whom was [redacted]. [redacted] was formerly with the British National Party in London and is believed to be employed as a salesman. He noted that the first large group of members to join up with the Fighting American Nationalist (FAN) came during the New Orleans trip when the National States Rights Party (NSRP) joined FAN, which he identified as a front group of the ANP. He commented that behind closed doors, Rockwell refers to FAN as the future American Nazis.

b6
b7C

RE: AMERICAN NAZI PARTY

He stated that the FAN group in New Orleans is now headed by [redacted], a bus driver, and he estimates that they have fifteen to twenty members.

b6
b7C

Rockwell is counting to a large extent on his book "This Time The World" being published by Parliament House in New York City and to appear in January 1962, to bring ANP out of its financial crisis. He noted that currently Rockwell is afraid of losing both his headquarters and the "mansion" which houses ANP members.

[redacted] stated that he held the position of Acting Chief of Security at ANP Headquarters prior to his arrest, and in this post, he had the responsibility of maintaining and protecting applications of associate and regular members of ANP. He estimated that there were approximately 350 applications on file; some of them from all over the world, noting that one was from a white teacher in Nigeria. It was his recollection that this teacher was an Englishman who was working on a contract with the Nigerian Government. His name was not known.

b6
b7C

[redacted] stated that there are three classifications of people connected with the ANP; one, the regular members who must reside within a fifty mile radius of Arlington, Virginia, and these number approximately 50; two, associate members which include active members in the field, and he estimated this to be approximately 350; three, sympathizers, and he estimates this number to be between 3,000 and 4,000.

b6
b7C

He advised that New Orleans has the strongest FAN group, with Chicago, Illinois, second. He noted there was an active FAN group in New York and Trenton, New Jersey. He stated that he is not familiar with the identities of FAN members and stated this group is handled by [redacted]

b6
b7C

[redacted] commented that George Lincoln Rockwell is the ANP, and all the members are loyal to him. He declared there is very little dissension in the ranks, but there were two basic factions; one headed by Daniel Burros, who is currently the National Secretary, and he ousted [redacted] who heads the other faction.

b6
b7C

RE: AMERICAN NAZI PARTY

He advised that [] was formerly National Secretary and was transferred out for another job in June 1961. [] is now National Organizer and is empowered to act in Rockwell's name and is currently traveling throughout the United States with a bodyguard, believed to be []. [] has the job of setting up a chain of command in each state where the ANP is organized and to establish discipline. [] believes ANP is organized in nearly every state with the exception of Nevada. He noted that ANP has been making tremendous headway in colleges of the United States, stating they have contacts with a group of approximately fifteen individuals at Harvard; also they have contacts with groups at the University of Arkansas, University of Michigan, University of California, at Santa Barbara, and George Washington University.

b6
b7C

He declared that it would be difficult to determine the number of individuals at the colleges as the contact is only known to ANP headquarters and the number of individuals in the group would be known to the contact on the campus.

He advised [] and Rockwell, while not on the best of terms, they are not open enemies.

b6
b7C

He advised that James Warner left ANP with bitter feelings and joined the National States Rights Party (NSRP). He noted that Rockwell spoke to Roy Frankhouser, who lives in Pennsylvania, and is a state organizer of NSRP, and was able to have Warner thrown out of NSRP. According to [] this indicates how strong Rockwell has exerted influence among the right wing element in the United States.

b6
b7C

[] advised since he has been in prison since August 6, 1961, Rockwell has been in contact with him and has written to him. Also members of ANP have corresponded with him. In a recent letter from [] he got the impression that ANP may have received some financial help, as [] made a joke about a "fat cat". [] stated that this indicated to him that [] had possibly made contact with someone who assisted ANP financially. He noted that [] was in New York in September 1961, meeting with [] of Brooklyn, New York, who heads the FAN group in New York. He advised that [] was to go to Boston, Massachusetts, after leaving New York.

b6
b7C

RE: AMERICAN NAZI PARTY

[] advised that [] who was convicted with him, is also at the State Farm in Goochland and is in the same cell block.

b6
b7C

[] advised that his plans for the future are indefinite, noting that he is currently studying and taking correspondence courses in electronics. He advised that some of his belongings are stored at the ANP headquarters in Arlington, which includes his drafting equipment, his engineering books, his movie camera, his Roberts Dual Channel Stereo Tape Recorder and his clothes.

He advised that he assumes that his car has been repossessed by GMAC.

He said he did not know anyone in Roanoke, Virginia, who might be supporting the party. He said the possibility exists the check is a hoax. Rockwell said he planned to fly via Piedmont Airlines to Roanoke, on the next available plane. The purpose of his travel would be to determine, if in fact, this check was a negotiable item.

b6
b7C

Rockwell told Captain [redacted] he did not want to show this check around ANP headquarters because two of his members, who have been trusted in the past, are now turning against ANP and its activities. He identified the pair as [redacted] and Daniel Burros. Rockwell said that [redacted] was

He said he expected Burros to remain behind and act as an undercover man for the American National Party, Rockwell said he considers American National Party an opposition group to the activities of American Nazi Party.

Captain [] said he conducted a physical surveillance at Washington National Airport to determine if George Lincoln Rockwell left via Piedmont Airlines for Roanoke, Virginia. He said he did not physically observe Rockwell leave on the next available flight. He said about 2:00 on November 2, 1961, he received a telephone call from Rockwell who said he had revised his plans for travel to Roanoke. Captain [] informed [] of information he had received from George Lincoln Rockwell, regarding her husband. [] became emotional and said her husband should not go to New York to take party in the American Nazi Party at a time like this. She said she is several months pregnant and that her husband should be at home with the family.

b6
b7C

On November 7, 1961, Captain [] said he received a letter from []. It had the return address, [] New York City 28. It was postmarked New York City, November 5, 1961. The envelope contained an affidavit

There was an indication that copies of this had been sent to the Federal Bureau of Investigation, the Arlington Police Department, and the American Nazi Party.

b6
b7C

On November 7, 1961, Captain [redacted] said he made unsuccessful attempts to locate [redacted] at American Nazi Party, and [redacted] at his last known address, [redacted] Virginia. Captain [redacted] said Rockwell said he had been unable to contact [redacted] for the past two days. Captain [redacted] said he wanted to talk to [redacted] regarding some inaccurate statements [redacted] made to Sgt. [redacted] of the Prince Georges County Police Department when [redacted] was arrested for rape with carnal knowledge.

b6
b7C

Captain [redacted] said there was no possibility that check referred to above could have been signed by [redacted]. Captain [redacted] said he saw the envelope which was used to transmit the check and there was no letter inside the envelope. He said [redacted] has never come to his attention in the past. He said he believed any reference to a [redacted] and above check is erroneous.

AMERICAN NAZI PARTY
RACIAL MATTERS

The "Evening Star", the Washington, D. C. daily newspaper, contained an article on Page A-1 dated November 13, 1961, concerning the American Nazi Party, and George Lincoln Rockwell, self-designated leader of the American Nazi Party.

The article is as follows:

"The Supreme Court today refused to review a New York court ruling that George Lincoln Rockwell, leader of the American Nazi Party, should be permitted to speak in a New York park.

"The case was brought to the high court by Newbold Morris, New York City commissioner of parks, who had refused to grant Rockwell a permit to speak in Union Square on the ground his appearance would lead to a riot.

"Mr. Morris' position was supported in the lower court but reversed on appeal.

"D. C. Incidents Recalled"

"Mr. Morris called the court's attention to two incidents in Washington where Rockwell appeared at two rallies in the summer of 1960 and fistfights ensued. Rockwell's conviction on disorderly conduct charges here was upheld by the Municipal Court of Appeals and the Court of Appeals here refused to allow him to appeal to that court. Thereafter, on September 18, 1961, he paid his \$100 fine.

"In the New York case, Rockwell had contended that the denial of a permit to speak violated his rights under the First and Fourteenth Amendments. The lower New York court held that the constitution guarantees of free speech did not encompass an invitation to public disorder and violence and that there was no obligation to loose self-confessed advocates of violence on a community.

157-13-354

Re: American Nazi Party

"The Court of Appeals in New York, reversing the lower court, ruled the denial of the permit violated Rockwell's constitutional rights. Today's Supreme Court action leaves that ruling in effect."

FEDERAL BUREAU OF INVESTIGATION

Richmond, Virginia

November 24, 1961

RE: AMERICAN NAZI PARTY

On November 8, 1961 [redacted] appeared in the office of Assistant Chief of Police Captain [redacted] Arlington County, Virginia. He was accompanied by his father, [redacted]. He said he came to Captain [redacted] office on the instructions of George Lincoln Rockwell, Self Designated Leader of American Nazi Party (ANP). [redacted] said he had been informed by Rockwell that Captain [redacted] wanted to interview [redacted]. Captain [redacted] did not interview [redacted] until an Agent of the FBI arrived when the interview commenced.

b6
b7C

The following information was supplied by [redacted] during interview:

b6
b7C

[redacted] admitted he contributed to the ANP by working for Homestead Construction Company. Homestead Construction Company was formed by [redacted], one of three leading members of Fighting American Nationalists (FAN). [redacted] said as far as he can tell, Homestead Construction Company was formed for purpose of obtaining money to support the ANP.

[redacted] said he joined ANP August 14, 1961. At the time, the initiation fee was \$10.00 but he was not required to pay this fee. He said the dues to the party were \$5.00 per month, but if he worked for the party, it was not necessary to pay the monthly dues. He said he worked at headquarters which is located at 928 North Randolph Street, and he also lived there. After he lived at headquarters for about one month, he was instructed to move to Auxiliary ANP Headquarters located at 6150 Wilson Boulevard.

b6
b7C

[redacted] said he received no salary for his work at ANP. His only remuneration was his food and lodging and necessary spending money. All money received from ANP Secretary-Treasurer [redacted] was obtained by submission of a voucher. There was no requirement for Bigley to repay [redacted] 356

this money. The money obtained by submission of vouchers was not authorized by Rockwell.

[] said he joined ANP without the knowledge of his parents. [] interrupted, saying he was informed that [] had joined ANP. He said this information came to him in the form of an allegation about ten days after [] joined. [] recalled confirming the allegation by driving by ANP headquarters at which time he saw [] standing on the front porch of ANP headquarters apparently standing guard.

b6
b7C

[] was not aware of her son's whereabouts. Both [] and [] agreed that [] believed [] was in the Merchant Marine at sea.

b6
b7C

[] said there is no truth to the allegation that he has tendered an official resignation from ANP. He said he has never informed George Lincoln Rockwell or any member of ANP that he is no longer considering himself a member. [] recalled he picketed in New York City for two or three days about October 25, 1961. During that time he carried signs representing Fighting American Nationalists. He said although he was carrying those signs, he had not joined Fighting American Nationalists and had not tendered a resignation from ANP. He said while he was in New York, he stayed with [] (phonetic) a Rumanian who has not become a naturalized citizen. []

b6

[] said when they arrived at the Soviet Embassy, they were not allowed to enter and were told to come back the following day. [] said he did not know if [] ever went back; however, he said he did not return.

b6
b7C

[] said he had no information to indicate that George Lincoln Rockwell had ever been in contact with the Soviet Embassy. He said the closest Rockwell has ever come to having contact with the Soviet Embassy was through [] [] recalled [] has a reputation at ANP of being the only member of ANP who has caused embarrassment to be heaped upon the Soviet Union. [] had contact with a member of the Soviet Embassy and because of that contact exposed a member of the embassy as a person who attempted to bribe [] into obtaining U. S. Government classified information. [] said he feels certain in his own mind that George Lincoln Rockwell is anti-Communist and would do nothing to aid the Communist Party cause.

b6
b7C

[] said he had seen files of ANP which indicate that George Lincoln Rockwell has correspondents in Australia, Denmark, Norway, England, Canada (through the Fighting Canadian Nationalists), Japan, and other countries in the world. He said a few of these correspondents have recruited other members who believe in the tenets of ANP. In Denmark, Canada, Japan and England, he recalled these groups have picketed as members of Nazi Party or some other type of hate group.

b6
b7C

[] made the allegation that a [] (he believed this was correct spelling) had given financial support to ANP in the past. He said he did not know the extent of financial support given by []. He said he did not know if this [] was any relation to the [] of New York. He said he did not know if [] was the true name of this person who allegedly had given financial support to the ANP in the past. He said as far as he knew it could possibly be a fictitious name.

b6
b7C

Regarding the membership of ANP, [] supplied the following:

b6
b7C

RE: AMERICAN NAZI PARTY

George Lincoln Rockwell is suspicious of two members of ANP. They are [redacted] and [redacted]. Rockwell has openly accused [redacted] and [redacted] of being planted there by outside groups who want to know what is going on within ANP. Captain [redacted] said there may be some merit to this belief inasmuch as [redacted] resigned as a member of ANP and went to the Anti-Defamation League of B'nai B'rith at Washington, D. C. and gave them a statement regarding the activities of ANP. Captain [redacted] said he received this information from [redacted], the representative at Washington, D. C. of the Anti-Defamation League of B'nai B'rith. [redacted] said [redacted] is still working for ANP. Apparently [redacted] is doing an excellent job for ANP inasmuch as Rockwell has recently promoted him to the rank of Captain.

b6
b7C

[redacted] identified existing members of ANP in the Arlington area as follows:

Commander George Lincoln Rockwell
Deputy Commander [redacted]
Captain [redacted]
Captain [redacted]
Lieutenant [redacted]
Lieutenant [redacted]
Trooper [redacted]
Trooper [redacted]
Trooper [redacted]
Trooper [redacted]
Trooper [redacted]
Andrew [redacted]

b6
b7C

In addition to above associate members of ANP are as follows:

[redacted]

b6
b7C

Regarding the use of force by members of ANP, [redacted] said, he was convinced ANP believes in obtaining control of countries in which they have formed organization by the use of due process of law. He said the due process of law would be peculiar to the countries in which the Nazi Parties are formed.

RE: AMERICAN NAZI PARTY

Regarding confidential information he obtained while in the party, [] said he had always wanted to look into some files maintained in Rockwell's room. These were files not available to members of ANP and were in a file cabinet containing two drawers. He said one [] believed to be a resident of Arlington, Virginia has formed a Young Jewish Friends of ANP. He said [] was willing to form such an organization because he believes that there are many Jews who have performed acts of treason against the United States Government. Those who joined the Young Jewish Friends of ANP also believe that the ANP is correct in its belief and desire to execute all Jews guilty of Communist Zionist treason.

b6
b7C

Regarding members of the Armed Forces which may be contacting ANP, [] said a Private [] (last name unknown) who he believes is with the Military Police at Fort Myer, Virginia has been in contact with Rockwell. He said he could not further identify [] except that he was possibly a member of the 82nd Airborne Division in the past.

b6
b7C

[] supplied Captain [] with a letter written by [] U. S. Army Serial Number []. In this letter [] addresses George Lincoln Rockwell saying he was in complete agreement with the tenets of the ANP and wishes to become a member upon his separation from the U. S. Army. [] identified himself as an instructor SESCS. Another piece of paper was attached. It appeared that [] was attempting to identify another member of the Armed Forces who had been in contact with George Lincoln Rockwell. This person was identified as Private (first name unknown) [] U. S. Army, patient at Walter Reed Hospital, Washington, D. C.

b6
b7C

[] said he is no longer going to associate himself with ANP. He said he has not tendered a resignation; however, he plans to send one to ANP in writing.

b6
b7C

Later the same day, Captain [] interviewed George Lincoln Rockwell. Rockwell exhibited to [] the files which [] referred to above. These files were located in George Lincoln Rockwell's personal room at American Nazi Party headquarters. The files were contained in a two-drawer metal file cabinet. Rockwell said these files contained the names of all contributors to ANP and the name and address of each member. He said because members of ANP have proved

b6
b7C

RE: AMERICAN NAZI PARTY

to be untrustworthy in the past, he does not allow members to peruse these records.

Rockwell said [] has now returned from New York City and was going to the organizing and recruiting more members for ANP in the Washington, D. C. area. b6 b7C

Rockwell said Daniel Burros abandoned ANP during a spectacular move on November 4, 1961. At that time Burros jumped out of the second story window of ANP headquarters and has not been heard from since. Rockwell said Burros undoubtedly left ANP headquarters to join the American National Party, New York City, New York where he will act as a printer for that organization..

Regarding Rockwell's finances, Captain [] said Rockwell has paid \$110.00 toward satisfaction of his \$200.00 per month support payments for his wife and three children in Connecticut. Although this has been done, the party seems to be in very bad financial condition. They have had to abandon the property at 6150 Wilson Boulevard, Arlington, Virginia where the water, electricity, and gas were turned off last month. Captain [] noted while in ANP headquarters there was no running water, electricity or gas. Members at headquarters were dressed in heavy clothing because there was no heat. ANP members were busy during Captain [] visit to headquarters. They were printing and assembling George Lincoln Rockwell's book, This Time the World. b6 b7C

On November 14, 1961 Major [] of the Military District of Washington G2 said he is conducting inquiry in an effort to identify a military policeman at Fort Myer, Virginia named [] who has been in contact with George Lincoln Rockwell. He said a check of the Military Police roster at Fort Myer has failed to identify anyone who might be considered [] He said there are only two Military Police who are former Airborne men. Both of these men have been stationed at Fort Myer for an extended period, and neither have the nickname of [] Major [] said he is continuing his efforts to identify the Military Policeman named [] by checking the military installations at Fort Leslie J. McNair and at Arlington Hall, Arlington County, Virginia. b6 b7C

[redacted] warned [redacted] to stay away from DAN BURROS and [redacted] both members of the American National Party in NYC and former members of the ANP because he felt that they were "in the pay of Jews" and "report to Jews and other people". [redacted] did not further amplify these statements.

FEDERAL BUREAU OF INVESTIGATION

Re: American Nazi Party
Racial Matters

On November 27, 1961, [redacted]
[redacted] advised
that he had [redacted]
[redacted] with George Lincoln Rockwell's
American Nazi Party (ANP).

b6
b7C
b7D

[redacted] stated that he had severed his connections
with the ANP in the early part of November, 1961, and
had departed for New York City where he is presently
engaged in [redacted]
together with [redacted]
[redacted] all former members of the ANP.

b6
b7C
b7D

[redacted] advised that he and the others
mentioned above had resigned from the ANP because they
had become disillusioned with Rockwell and his policies
in connection with the activities of the ANP.

b6
b7C
b7D

[redacted] stated that his decision to leave the
ANP was made when he learned that Rockwell, some time
in October, 1961, had sent three ANP members to New
York City in order to terrorize [redacted]
and [redacted] both former ANP members, because
[redacted] and [redacted] were organizing a new party
in New York City in opposition to Rockwell's party.
According to [redacted] Rockwell sent [redacted]
[redacted]
all ANP members to New York City for the purpose
of threatening [redacted].

b6
b7C
b7D

However, Rockwell advised [redacted] and
[redacted] not to engage in "any rough stuff" in New York
City because he, Rockwell, feared trouble from the New
York City Police Department if these individuals should
be arrested and their association with the ANP become known.

Re: American Nazi Party

Accordingly, [redacted] did come to New York City but limited themselves to picketing the offices of the Communist Party (CP), USA, and the United Nations (UN), under the banner of Fighting American Nationalists (FAN); which Burros described as a front organization for the ANP.

b6
b7C

[redacted] added that Rockwell had [redacted] formally resign from the ANP before they departed for New York City so that if they should be arrested, no one could claim that they were connected with the ANP.

b6
b7C
b7D

[redacted] stated that he and [redacted] originated the idea of forming [redacted] and had come to New York City in [redacted] 1961, in order to meet with [redacted], former ANP member, for the purpose of enlisting [redacted] aid in forming this party. [redacted] stated that the original purpose in forming [redacted] was to oppose Rockwell and demonstrate against Communist and pro-Communist organizations. [redacted] stated that he and others, who were members of the ANP, felt that Rockwell was using the ANP and its efforts for his own advantage and was not waging a proper fight against the CP.

b6
b7C
b7D

[redacted] stated that [redacted] was supposed to lay the groundwork for the formation of the [redacted] in New York City, but soon discovered that [redacted] and Luke Dommer had seized control of the idea and were [redacted] and Dommer did [redacted] originally but because of [redacted] finally settled on using the name Nationalist Party.

b6
b7C
b7D

According to [redacted] the Nationalist Party is located at 507 Fifth Avenue, New York City, but this address actually serves only as a "mail drop" for the Nationalist Party and stated that the organization

b6
b7C
b7D

Re: American Nazi Party

has no real headquarters. [] stated that one, [] is listed as Chairman of the Nationalist Party, but this title means nothing since Luke Dommer and [] also listed as officers in the Nationalist Party, actually are the individuals who control the operations of the Nationalist Party. [] stated that Luke Dommer has political aspirations and believes that he can become active politically through the Nationalist Party. [] advised that Dommer does not engage in any open activities with the Nationalist Party since he, Dommer, "is afraid" to show any open connection with the Nationalist Party. [] further advised that [] often serves as spokesman for the Nationalist Party during demonstrations, but that others in the Nationalist Party look upon [] as "flighty and juvenile". [] stated, in fact, that he had heard that [] may be "kicked out" of the Nationalist Party because of his immaturity.

b6
b7C
b7D

[] described the Nationalist Party as an organization which has no actual membership outside of [] Luke Dommer and his []. [] advised that the Nationalist Party holds no meetings with any regularity but that they usually join in anti-Communist demonstrations around New York City, sponsored by other anti-Communist organizations, such as the Hungarian Freedom Fighters. In order to participate in these demonstrations, members of the Nationalist Party contact each other telephonically in order to make the necessary arrangements. [] stated that the impression is sometimes made that the Nationalist Party has a larger membership than it really has by participating in demonstrations sponsored by other organizations. [] stated that its actual membership consists of [] Dommer []. [] further advised that [] was also a member of the Nationalist Party at one time, but was "kicked out" by Luke Dommer and [], who suspected him of being "a spy for Rockwell". According to [] this charge against [] is "ridiculous."

b6
b7C
b7D

Re: American Nazi Party

[] called the Nationalist Party an ineffective organization because of its lack of any organization and advised that their activity to date has consisted of anti-Communist picketing at the UN and the Soviet Mission to the UN in New York City.

b6
b7C
b7D

Regarding the American National Party, [] stated that this organization has no actual meeting place, but has a mailing address of Post Office Box 191, Gracie Station, New York 28, New York, which was opened by [] listed as National Organizer of the American National Party.

b6
b7C
b7D

[] stated that the current membership of the American National Party consists of []
[] all of whom were formerly associated with Rockwell in the ANP.

b6
b7C
b7D

[] stated that he looks upon the American National Party as "sort of a hobby" and does not believe it will ever prove to be an effective organization in its attempt to fight Communism. [] stated that the American National Party is not openly anti-Semitic or anti-Negro, but advised that this must be the sentiment of its members since they were formerly associated with Rockwell's ANP. [] stated that he, himself, is neither anti-Semitic nor anti-Negro, but stated that he is anti-Communist and efforts of the Party will be directed toward fighting Communism.

b6
b7C
b7D

[] stated that the American National Party has not yet been chartered and has no actual membership outside of those individuals mentioned above. [] stated that he expects the American National Party might reach a total membership of 25 and stated he would advise the Federal Bureau of Investigation of the identity of any additional members.

b6
b7C
b7D

Re: American Nazi Party

[] further advised that the American National Party merely forms "an outlet" for those associated with it to voice their political opinions and that [] does not take any of it seriously, but is involved in it as "sort of a hobby". [] stated that he is certain that the American National Party will never attain any importance.

b6
b7C
b7D

Concerning Rockwell, [] stated that he has abandoned all his other projects in order to have

[] advised that Rockwell received a large setback in his plans when [] left the American Nazi Party because Rockwell was relying on [] to furnish a good deal of assistance in publishing the book.

b6
b7C
b7D

[] stated that Rockwell, a few months ago, sent [], ANP National Organizer, to New York City for the purpose of obtaining additional ANP members, as well as selling Rockwell's book, mentioned above. Rockwell stated that [] established Parliament House, 501 Fifth Avenue, New York City, as a front for these activities in New York City. He stated that 501 Fifth Avenue is merely a "mail drop" and Parliament House as such, does not physically exist.

b6
b7C
b7D

When [] defected from the ANP, [] was called back to Arlington, Virginia, in order to assist Rockwell in getting his book out before the end of 1961. [] stated that when [] Rockwell, about 200 of the 400 pages of the book had been completed. He stated that about 150 copies had been sold to date and that Rockwell figured to print about 300 books.

b6
b7C
b7D

[] stated that it is extremely difficult for Rockwell to mass produce the book because the labor on it is all being hand done by ANP members, which he described as a slow and tedious process. It is Rockwell's hope to receive enough requests for the book after its initial appearance, so that he will be in a position to do business with a commercial publishing house for thousands of copies of his book to be published. [] stated that he does not believe that Rockwell will ever

Re: American Nazi Party

manage to sell any appreciable number of copies of this book to warrant a publishing house to do business with Rockwell.

[] stated that Rockwell, in the past, has attempted to obtain the aid of Conde McGinley, publisher of "Common Sense" in Union, New Jersey, in connection with the publication of his book, but even though McGinley is sympathetic with Rockwell, he is jealous of Rockwell and also does not want to be branded a Nazi.

b6
b7C
b7D

Regarding other individuals associated with Rockwell, [] mentioned one [] an architect who lived alone in an apartment in Arlington, Virginia. [] stated that [] has never joined the ANP and was first introduced to Rockwell by Floyd Fleming who is retired, lives in Washington, D.C., and holds membership card number one in the ANP.

b6
b7C
b7D

[] advised that the Fighting American Nationalists (FAN) is still operating throughout the United States as a front organization for the ANP. Burros stated that FAN units are in operation in the following cities, under the leadership of the following named individuals:

b6
b7C
b7D

[]
New Orleans

[]
Chicago

David Schreiber
Cincinnati

[]
Washington, D.C.

b6
b7C

[] stated that there is no leader of FAN in New York City at the present time since [] has returned to ANP Headquarters in Arlington, Virginia.

b6
b7C
b7D

Re: American Nazi Party

According to [] FAN units have not been too successful for Rockwell because FAN members have tended to unite with the National States Rights Party (NSRP) and lose their identity as FAN members. [] stated that FAN was organized for the purpose of obtaining new members for the ANP since Rockwell felt that even though individuals might not be too receptive to the ANP at first, after participating in activities with FAN, they would be inclined to seek membership in the ANP. According to [] this idea has not worked out as successfully as Rockwell had hoped.

b6
b7C
b7D

[] stated that the NSRP in New York City is headed by [] who resides in Brooklyn, New York. However, the NSRP in New York City, according to [] has no membership and its activities have been "practically nil" in the New York area. The NSRP's main activity in New York City has been to join with FAN in picketing.

b6
b7C
b7D

Characterizations of FAN, ANP, and NSRP are attached hereto.

APPENDIX

Re: American Nazi Party

NATIONAL STATES RIGHTS PARTY

On November 26, 1957, a source advised that the United White Party (UWP) was organized at a convention held in Knoxville, Tennessee, on November 10, 1957. An article in the November 26, 1957 issue of the "Greenville Piedmont", a newspaper of Greenville, South Carolina, reported that a "Ku Klux Klan spokesman of Greenville reported the recent formation of a new political party to be known as the United White Party". According to the article, the party was formed at a recently held meeting in Knoxville, Tennessee, at which many Klansmen were represented. The UWP was reported as being opposed to all "race mixing organizations and individuals".

The July, 1958 issue of "The Thunderbolt", self-described as the "official Racial Nationalist Organ of the National States Rights Party" (NSRP) reported that rank and file "States Righters" had merged with the UWP under "the banner of the National States Rights Party" with national offices at Post Office Box 261, Jeffersonville, Indiana.

In November, 1958, a source advised that the NSRP is composed of past members of the Ku Klux Klan and notorious anti-Semites.

Issue Number 19, dated June, 1960, of "The Thunderbolt" announced the address of the headquarters of the NSRP had been changed from Jeffersonville, Indiana, to Post Box 783, Birmingham, Alabama.

On June 17, 1960, a source advised that Edward R. Fields, the Information Director of the NSRP, is the individual who "runs the NSRP".

The March, 1959 issue of the Anti-Defamation League Bulletin contained an article by Jerome Bakst entitled "Angry Young Men of Hate". Regarding Edward R. Fields, the article stated, "Fields, 26 years old

Re: American Nazi Party

and a Louisville chiropractor, is a key figure in the National States Rights Party and co-ordinator of all its activities, contacts and liaison with leaders of other hate groups. He apparently started Jew-baiting in his teens, aided Stoner in the Christian anti-Jewish Party, and got involved in newspaper notoriety while attending chiropractory school in Davenport, Iowa. There, early in 1954, according to newspaper reports, he pasted anti-Jewish stickers on store windows during Brotherhood Week".

A source advised in May, 1961, that Dr. Edward R. Fields participated in the disturbance at the Trailways Bus Station, Birmingham, on May 14, 1961, involving the "Freedom Riders" and, in fact, caused the fighting there.

The Ku Klux Klan has been designated by the Attorney General of the United States pursuant to Executive Order 10450.
